STATSPEC

This is the first in a series of reports updating the   
Memorandum of 17 March 1967 bearing the same title.

It represents the findings from a continuing examination of all available propaganda from the Hanoi radio and the VIETNAM NEWS AGENCY (VNA) for claims--official and routine--of specific numbers of civilian casualties during the period specified.

Only claims of actual numbers of casualties are listed. Reports about strikes causing "numérus," "many," "scores," or "dozens" of casualties are excluded.
